Approval of Minutes

1. Action: The minutes of the meeting of 5 July 1951 (IAC-M-34) were approved subject to the revision of the first sentence of paragraph 4, to read, "The opinion was expressed by some that if in spite of Chinese Communists, UN Forces should approach the Manchurian border, the USSR would consider the situation very serious and might feel that they had no alternative but to intervene directly."

Likelihood of a Soviet Invasion
of Japan During 1951 (NIE-37)

4. Action: It was agreed to cancel work on this estimate.

Coordination on Over-All Estimate
of Soviet Capabilities

5. General Smith mentioned a request which the NSC Staff was considering for the preparation of an over-all estimate on Soviet capabilities particularly with respect to a direct attack on the U. S. He pointed out that such an estimate would require a joint effort between the intelligence agencies and the planners or operators. It was agreed, however, that a pure intelligence estimate should be prepared as a point of departure and Dr. Langer was directed to take whatever steps are appropriate prior to receipt of the NSC request.
